“ I share your pain I can see his smile. I had just seen him only a few days before he got his wings. Spiller being Spiller and did what we always some teased each other. On this day Spillervand I was a public place teasing each other and going down memory lane. This saddens me but I send my love to the family. I want to tell Karen, Yati, Keisha and Little Karrie you had a place in Spiller's heart that was priceless. His smile shined like a 100 watt light bulb when he spoke of you all. Spiller was only on loan to us and it was a pleasure to have him the time we had him. He was well known as the cable man but most of all a friend you could talk to. Rest Spiller your job here was done until we meet again. I'm sending a big Hug to his mother and Siblings...Claudette Ward Davis aka Miss Claudia a life time neighbor.
